

**SETA Phoenix 2008  
KEYNOTE SPEAKER  
Sunday, September 21, 12:30 PM**

**Joe Belnap, Utah Valley University**

Joe Belnap has a Masters degree in Organizational Leadership from Gonzaga University and serves as the Senior Director of Administrative Computing at Utah Valley University. His responsibilities in this position included analysis, design, and development of internal systems and applications, along with quality assurance. He has over 8 years of consulting experience where he received a Commitment to Excellence Award, was recognized as one "Driven to Continuously Improve," and was just honored with the IT award of excellence by the Board of Trustees. Joe recently graduated from Disney Institute's Leadership Excellence program. Belnap brings over 30 years of extensive business experience. In addition to his technical expertise, he has a broad business background, including finance, human resources, operations, marketing, and executive administration. He is also a published author.
